

STUDENT LEARNING DIARY

OBJECTIVES make you more independent and help you to make more progress

- Set weekly goals and decide what you want to study or practice in your own study time—not in class.
- Decide what materials and resources you are going to use (YouTube, films, articles, language apps, books, AI, language buddy, etc.).
- Reflect on what language learning activities you find easy, hard, enjoyable, or boring, and decide if you want to do these activities again in the future.

Your learning practice of the week should include at least 1 listening, 1 reading, 1 written production and 1 oral production tasks, and a summary of what you have learnt (grammar, vocabulary, pronunciation).

This week	What to practice	Goal (what to do)	Resources / materials	Completed? If not, why not?	My thoughts	What did I learn?	How can I improve my learning for next time?
Week 1	Ex. listening	Watch Lupin, season 1, 2 episodes	Streaming (Netflix)	Yes	Was useful and fun but couldn't understand without subtitles
